

## Silitech 2016 results press release

(2017/02/23) Silitech Technology Corp. (TWSE: 3311) Board of Directors approved 2016 financial statements today. The worldwide consolidated revenue for the year was NT\$2,388M and loss after tax was NT\$109M, representing loss per share of NT\$0.61 based on weighted average number of outstanding ordinary shares. The Board also proposed to hold an Annual General Meeting scheduled on June 13<sup>th</sup> 2017.

As the total addressable market of feature phone continued to shrink in 2016, our revenue coming from auto-related mechanical parts and products that apply core technology into new, different industries such as wearables and gaming continued to grow its proportion to overall revenue. Not only will Silitech gain new value customers from different industries, but also reinforce and strengthen our sales team. We expect to see some revenue contribution in second half of 2017.
