

Silitech reported February 2016 global consolidated revenue NT\$185M

New Taipei City, Taiwan, R.O.C. - March 7, 2016 - Silitech Technology Corp. (TWSE: 3311) today announced February 2016 global consolidated revenues were approximately NT\$185 million, a decrease of 11% M-o-M due to Chinese New Year holiday and thus fewer work days. In terms of revenues breakdown by application, 3C input devices were approximately NT\$111 million, representing 60.3% of total revenues, and automotive parts approximately NT\$73 million, accounting for 39.7% of total revenues.
